

NOTICE:

The Oasis Homeowner's Association has agreed that the main entrance to the Oasis community at Brimstone Hill Drive will be closed to allow construction work on the westbound lanes of US 41. Residents will access the subdivision from the rear entrance which is Rock Haven Lane.

It is anticipated that the entrance will be closed entirely until late January. At that time, traffic will be moved to the westbound lanes while work occurs on the eastbound lanes. Once traffic is moved to the westbound lanes, residents will be able to make the right hand turn into the community at Brimstone Hill Drive and be able to make a right turn exiting the community.
